Fish and Wildlife Legal Mandates

Although BPA has fish and wildlife responsibilities under the Endangered Species Act and the Northwest Power Act, in many cases, both responsibilities can be met in the same set of actions.

1980 Northwest Power Act

"The Administrator shall use the Bonneville Power Administration Fund to protect, mitigate, and enhance fish and wildlife to the extent affected by development and operation of any hydroelectric project of the Columbia River and its tributaries."

Opinions

"Each Federal agency shall....insure that any action authorized funded, or carried out by such agency is not likely to jeopardize continued existence...of any endangered species or threatened species..."

Treaty and Non-Treaty Tribal Policy

BPA will consult with the Tribal governments prior to BPA taking actions, making decisions, or implementing programs that may affect Tribal resources.
